

The Rotary Club of Cumberland

Dear Rotary Club of Cumberland Grant Applicant,

The Rotary Club of Cumberland is pleased to announce some important revisions to its annual allocations process. These revisions have been undertaken with the full support of the Club's Board of Directors, and are effective beginning with the start of the 2013 calendar year. The intent of these revisions is to establish formal procedures and a more clearly defined timeline to help govern our Club's annual grant-making process.

All prospective grant applicants will now be required to follow the revised Allocations Process Guidelines and to submit their annual requests for funding on the revised Allocations Request Form. It should also be noted that any previous or ongoing financial commitments made in the past by the Rotary Club of Cumberland to other community organizations are hereby concluded, and will only be considered if they are submitted as new grant requests, according to the revised allocations process guidelines.

Questions concerning the new Allocations Process should be directed to Jeff O'Neal, Chair of the Allocations Review Committee, at jdoneal@wmhs.com. Otherwise, all grant requests for this year should be submitted or postmarked by the April 30th deadline.

Sincerely,

The Rotary Club of Cumberland
